

A Traveling Site(CarnaZe International)

WEB DEVELOPMENT

Arupa Nanda Swain

Introduction

Web Development

It defines a client to server communication in between organization and media.

We can go through the HTML, CSS, JS and more...PHP.. to make a perfect and responsive website.

So My project is a traveling Website,

Where I basically use HTML,CSS and JS for frontend and for backend I used PHP and MySQL.

In frontend I used Bootstrap for making the Form and the sides and in backend I used Xamp server to store the data.

It is a Responsive site with Laptops, desktops and phone but no tabs.

HTML

Hyper Text Markup Language , is a markup language which is use to design documents in a good way and displayed in a web browser.

CSS

Cascading Style Sheet, is a part of frontend designing which help the user to modify the view in a good and a better way basically it is use for styling a site(font-color, background-color, font-family.....).

JS

JavaScript, is a part of frontend designing which help the user to modify the animation in a good way which make a user a different experience .

PHP

Hyper Text Processor which is use to connect the frontend to backend. It is a fully case-sensitive programming language.

Xamp

Xamp Server provides a free server to use to test the server for their future clients. Where it provides a free Apache server with MySQL database.

Mysql tables

The screenshot shows the phpMyAdmin interface for a database named 'camazeForm'. The 'Table structure' tab is selected for the 'signInForm' table. The table has 11 columns: SLNO (int(250), AUTO_INCREMENT), FirstName (varchar(20)), LastName (varchar(10)), UserName (varchar(15)), Email (varchar(30)), AccountPassword (varchar(20)), Address1 (varchar(50)), Address2 (varchar(70)), City (varchar(20)), StateOfLeaving (varchar(20)), and ZIP (varchar(10)). All columns are of type utf8mb4_general_ci and have no null or default values.

#	Name	Type	Collation	Attributes	Null	Default	Comments	Extra	Action

11	ZIP	varchar(10)	utf8mb4_general_ci		No	None			Change Drop More

Form example

The image shows two screenshots of a web browser. The top screenshot displays a sign-up form titled "Join Us By Signing Up" on a red background with a repeating black and white geometric pattern. The form is a white box with the following fields: First name (Arupa Nanda), Last name (Swain), Username (@coincidentArupa), Email (arupaswain7735@gmail.com), Password (masked with dots), Address (patia, near kilt square), Address 2 (near railway Station), City (Bhubaneswer), State (Odisha), and Zip (440444). There is a "Check me out" checkbox and a "Sign in" button. The bottom screenshot shows a dark gray page with a white message box that says "SIGN IN Successful" and a "Close" button.
